This has helped the Millennium City top the charts among its counterparts in the National Capital Region (NCR). However, a new wave of investment has caught the frenzy among keen investors. Unlike the existing plush havens, affordable housing made an entry in the real estate sector, opening doors for the people looking for budget-friendly homes in this region This means providing people with homes that are designed in a consumer-friendly way.

AFFORDABLE HOUSING POLICY Affordable Housing Policy 2013 was introduced to make housing 'affordable in the urban centres of Haryana Designed in a consumer-friendly way the housing projects are developed in plots ranging from five acres to ten

It is intended to encourage the planning and completion of group housing proiects wherein apartments of pre-defined size are made available at pre-defined rates within a targeted time frame as prescribed under the present policy to ensure increased supply of affordable housing in the urban housing market to the deserving beneficiaries. While license is given on first-come-firstserved basis, flats are given through draw of lots.

The sale of apartments under the policy is done on carpet-area basis. It means people pay only for area that they actually use. Haryana Government Affordable Housing Policy has raised new hopes among builders, consumers and investors.

Pradeep Agarwal, Chairman, Signature Global Group, says, "Having successfully launched a couple of projects in Gurgaon under value based housing segment, Solera in Sector 107 Dwarka Expressway and Synera in
